The Organisation for Economic Co-operation and Development (OECD) is an international organization that promotes economic growth and well-being by providing policy advice, research, and analysis to its member countries.

The OECD was founded in 1961 by 18 countries, and it now has 38 member countries. The OECD's headquarters are in Paris, France.

The OECD's mission is to promote sustainable economic growth, improve the well-being of people, and foster cooperation among member countries.

The OECD does this by providing policy advice, research, and analysis to its member countries. The OECD also works with non-member countries and international organizations to promote economic growth and well-being.

The OECD's Key Activities

The OECD's key activities include:

- Providing policy advice to member countries on a wide range of economic and social issues, including economic growth, employment, inequality, education, health, and the environment.
- Conducting research and analysis on economic and social issues to inform policy making.
- Fostering cooperation among member countries on economic and social issues.
- Working with non-member countries and international organizations to promote economic growth and well-being.

The OECD's Member Countries

The OECD's member countries are:

- Australia
- Austria
- Belgium
- Canada
- Chile

- Colombia
- Costa Rica
- Czech Republic
- Denmark
- Estonia
- Finland
- France

The OECD's Governance

The OECD is governed by a Council of Ministers, which is composed of representatives from each member country. The Council of Ministers meets twice a year to set the OECD's priorities and budget.

The OECD is also governed by a Secretary-General, who is appointed by the Council of Ministers. The Secretary-General is responsible for the day-to-day operations of the OECD.

The OECD's Impact

The OECD has a significant impact on the economic and social policies of its member countries. The OECD's policy advice, research, and analysis help member countries to make informed decisions about economic and social issues.

The OECD also helps member countries to cooperate on economic and social issues. The OECD's work has helped to promote economic growth, improve the well-being of people, and reduce inequality.
